CEL ACTION UPDATE

Thank you all who completed our annual resident satisfaction survey. Your feedback is very important to us. As part of the survey, you may have asked to be contacted by a manager. Our management team has personally called all of the residents requesting a call back to discuss their concerns. In addition, we have reviewed all of your comments. Based on those comments we are implementing the following:

For every emergency or urgent work order received, our maintenance managers will personally call back to ensure the work was completed to your satisfaction.

We have signed a contract for repairs to be completed on playgrounds throughout the communities.

We're hosting more events that will provide easier accessibility to our management team, like Meet your Manager.

We are committed to providing 5-Star Service and your feedback is important to us. Based on survey results and comments, we are finalizing our actionable items list. Once completed we will share our list with all of you. In the meantime, should you have a concern please contact our team.
